Metropolitan Pavilion, Chelsea

**September 4 - September 6
Throughout NYC**

Cybertech Special Edition New York 2024

Welcome to *Cybertech Special Edition New York 2024*, where the future of technology meets today's leaders. This premier forum of innovation in cybersecurity and AI, will gather this September, industry pioneers and leaders from across the nation and around the globe. Whether you're looking to ignite new ideas, discover groundbreaking technologies, or foster strategic partnerships, this forum offers unparalleled access to people, organizations, insights and tools that shape tomorrow's tech landscape.

September 4, 2024, includes special forums and a formal reception, setting the stage for networking and initial engagements. The next day, September 5, you can participate in the main conference and explore the Company Showcase. There will also be special industry forums with leading experts and figures in the field.

Main Stage

Engage with world-class speakers discussing the latest in cybersecurity and AI technologies. Our keynotes will share cutting-edge insights, including AI in deception, fintech, financial security, retail innovations, healthcare technologies, talent management, and more.

Thought Leaders' Forums

At these exclusive forums, attendees have the unique opportunity to engage directly with industry visionaries and influential thought leaders. These sessions are designed to foster deep discussions on the latest trends, challenges, and innovations in cybersecurity and AI. Participants will gain invaluable insights and perspectives that can shape strategic decision-making in their respective fields, enhancing their understanding and guiding future initiatives.

Company Showcase

Explore a variety of innovative companies presenting their latest technologies and groundbreaking solutions. This dynamic environment provides a unique backdrop for interaction, engagement, and inspiration, showcasing cutting-edge advancements in technology and in the cyber field.

Leading CISOs Choose The Best Technologies

This premier forum features top CISOs and industry leaders who come together to engage with the most promising cybersecurity companies. The agenda includes dynamic presentations by the companies, and ample opportunities for networking and collaboration, all centered around an intimate business luncheon.

The participating companies are pre-selected by a committee of top CISOs and industry leaders. Only Cybertech companies can submit an application to be evaluated by the committee.

INVEST in the BEST

This exclusive initiative connects top global investors with the most promising Cybertech startups. Held in September at the Metropolitan Pavilion, it offers a unique platform where a dedicated investor committee selects startups, ensuring only the most innovative and viable companies are presented.

Invest in the Best includes a panel discussion on relevant investment trends, a speed dating session where startups pitch directly to investors, and an open networking opportunity to establish strategic connections.

This selective process provides pre-selected startups premier growth opportunities through direct access to capital, expert insights, and extensive networking. For investors, this ensures access to startups with high potential, offering strategic insights into the latest innovations and the chance to build valuable relationships with founders and key industry players in a curated, high-quality setting.
