FORUMS AND SPECIAL EVENTS

Special Forums

Cybertech NYC's Special Forums, sessions, and events are designed to spark meaningful connections and provide a platform for transformative ideas that drive the next steps in the cybersecurity world.

Join interactive forums and sessions that provide a deep exploration of critical themes in cybersecurity. The various sessions offer unique opportunities to connect, learn, and strategize with industry leaders.

For example:

Identity Think Tank

A dynamic rotating session featuring three round tables, each dedicated to a different topic within the identity and access management sphere. Participants can engage in deep discussions, share diverse perspectives, and explore innovative approaches to pressing challenges in digital identity.

Invest in the Best

An exclusive platform that links leading investors with groundbreaking startups in the cybersecurity industry. After a supervised selection process by an investor committee to identify the most promising startups from the applicants, the event begins with an opening panel where international investors address the industry's most critical and relevant topics. This is subsequently followed by structured rounds of speed dating, facilitating direct interactions between investors and entrepreneurs.

The Talent Arena

Bringing together professionals, cybersecurity leaders, and innovators to address the skills gap in the cybersecurity field. The Talent Arena delves into strategies for attracting and retaining top talent and examines the evolving roles and skills required in the industry.
